Power Tech Africa 2017

CONFERENCE SUMMARY

The inaugural Power Tech Africa 2017 conference took place at the Crowne Plaza Nairobi on 30th - 31st of January 2017. The 2 day conference saw delegates from 10 different countries in attendance exploring opportunities in the renewable energy sector in the East African region primarily Kenya which has a huge potential in solar, wind and geothermal energy sector.

We saw presentations from Kenya Vision 2030, KETRACO, Energy Regulatory Commission as well as Lake Turkana Wind Power and Akiira Geothermal which are two of the ongoing projects that attract attention in the region.

We thank our Sponsors namely Worley Parsons Kenya Ltd, Clarke Energy and NETFUND for making this conference a success and look forward to a collaboration on future occasion as well.

Among other key presentation includes PowerGen Renewable Energy, GE Renewable Energy, PAWAME, CSIR - South Africa, Trina Solar China, Campbell Scientific - South Africa, AHK Kenya, KfW, GIZ SOWITEC Kenya, ARGeo, Africa Enterprise Challenge Fund, European Investment Bank and Strathmore University. I would also like to thank Dr. Isaac Kalua for his guidance and Chairmanship on Day 1.

We thank you all for being a part of the same and hope you had a productive time. We welcome your feedback regarding improvements and would do our level best to learn and put up a better show next time.

Warm Regards,
Sushrit Dange
Conference Producer
